FACIAL IN A BAG

Lets Get Started

A simple regimen personalized to your skin type to bring out its healthy radiance. Plus, the packaging is gentle on the planet!

STEP ONE: CLEANSE

Apply the cleanser to a wet face and neck. Remove with a warm wet cloth.

STEP TWO: MICRODERMABRASION

With your face still wet, apply the REFINE step to half of your face. Massage it gently for 1 minute and rinse. Pat dry.

Follow with the PORE MINIMIZER on the same side of the face. By only doing half your face you will be able to compare & see results.

STEP THREE: MASK

Draw an imaginary line down the center of your face & apply the mask to just one side of your face, avoiding the eye and mouth area. We'll call this your "pampered side." This will allow you to see & feel the difference in the two sides. Leave on for 10 minutes, remove with warm water & a facial cloth.

STEP FOUR: FRESHEN

Follow with the freshener on the same side of your face, avoiding the eye and mouth. By doing half of your face, you can compare & see results.

STEP FIVE: HYDRATE

Now apply the hydrate step to the whole face & neck, using upward strokes.
